### Taking part and joining in

Welcome to the Wallan and District U3A. U3As are rewarding organisations because they are all about participating in activities with like-minded people, sharing interests and learning from each other. Together we will all of us make our U3A an exciting and vital organisation.

We would love to hear from you if you are interested in helping other members to learn something you have an interest in. No qualifications are necessary – only your passion and enthusiasm for your subject. Just tell us what topic you would like to share your knowledge, or tell us what you would like to learn. We can help you make it happen.

Or maybe you could join with others and help with the little jobs that are necessary to run a lively, involving organisation. And please let us know if you are interested in serving on the Committee, helping with such things as mail outs, catering or arranging social functions.

Join us and enjoy the people and programs of the Wallan and District U3A.
